

# Stop, Drop & Go Zone

## GUIDELINES AND INSTRUCTIONS

To ensure the safety of all students and the efficient flow of traffic, Grovely operates a Stop, Drop & Go Zone in the bottom carpark during drop-off and pick-up times. How it works, in three easy steps:

### OPERATING HOURS

**Morning drop-off**  
8:15 AM – 8:45 AM  
**Afternoon pick-up**  
3:00 PM – 3:30 PM

01

## STOP

- Drive into the marked Stop, Drop & Go lane.
- Come to a complete stop in the designated bay closest to the school gate.

02

## DROP

- Students must exit/enter the car.
- Parents/carers stay in the car – no parking or exiting the vehicle.
- Bags, hats, lunches should be ready for a quick exit.

03

## GO...

- As soon as your child has safely exited or entered the car, indicate and drive off slowly to keep traffic flowing.

**The Stop, Drop & Go zone is for a maximum of 2 minutes.**

**No parking or waiting in the zone – keep traffic moving.**

**If accessing OSHC, please park in the carpark spaces available, not in this zone.**

1. Do not overtake cars in the Stop, Drop & Go lane.
2. Use zebra crossings and marked paths; no walking through traffic lanes.
3. If your child needs help getting in/out of the car or with seatbelts, please park in the parent parking area instead.

### SUPERVISION

Staff are present during the afternoon times to assist children. Please follow all staff instructions, if you asked to move off from the pick up lane.

### OTHER PARKING

Use available street parking or the overflow lot for longer stays. Consider arriving slightly earlier/later to avoid congestion.

### MORE TIPS

Practice quick drop-offs at home to build independence. Be patient and respectful as everyone is working together for student safety.
