GROVELY STATE SCHOOL
Where Mainstream meets Montessori

Responsible Behaviour Plan for Students
based on The Code of School Behaviour

1. Purpose
Grovely State School is committed to providing a safe, respectful and disciplined learning environment for students and staff, where students have opportunities to engage in quality learning experiences and acquire values supportive of their lifelong wellbeing.

This Responsible Behaviour Plan for Students is designed to facilitate high standards of behaviour so that the learning and teaching in our school can be effective and students can participate positively within our school community.

2. Consultation and data review
Grovely State School has developed this plan in collaboration with our school community. Using the Schoolwide Positive Behaviour Support framework, broad consultation with parents, staff and students was undertaken through survey distribution and community meetings held during 2012.

This plan will be reviewed during 2013 as part of the annual review process.

A review has been conducted of the following important data sets relating to attendance, unexplained absences, suspensions and exclusions, behaviour incidents including bullying and cyberbullying. Other inappropriate online behaviour including inappropriate use of mobile phones or other electronic devices from 2009-2012 also informed the development process.

The Plan was endorsed by the Principal, the President of the P&C and/or Chair of the School Council and Assistant Regional Director in November 2012, and will be reviewed in 2015 as required in legislation.

3. Learning and behaviour statement
All areas of Grovely State School are learning and teaching environments. We consider the Responsible Behaviour Plan to be an opportunity for valuable social learning as well as a means of maximising the success of student learning programs.

Our Responsible Behaviour Plan outlines our system for facilitating positive behaviours and responding to inappropriate and unacceptable behaviours.

Through our school plan, shared expectations for student behaviour are clear to everyone, assisting Grovely State School to create and maintain a positive and productive learning and teaching environment, where ALL school community members have clear and consistent expectations and understandings of their role in the educational process.
Our school community has identified the following school values to teach and promote our high standards of responsible behaviour:

RESPECT-
for ourselves, our school and others
RESPONSIBILITY-
for our choices and how they affect others
RESILIENCE-
to respond to change with positivity and courage

Our school values have been agreed upon and endorsed by all staff and our school P&C. They are aligned with the values, principles and expected standards outlined in Education Queensland’s *Code of School Behaviour*. 
4. Processes for facilitating standards of positive behaviour and responding to unacceptable behaviour

Universal Behaviour Support

The first step in facilitating standards of positive behaviour is communicating those standards to all students. At Grovely State School we emphasise the importance of directly teaching students the behaviours we want them to demonstrate at school. Communicating behavioural expectations is a form of universal behaviour support - a strategy directed towards all students designed to prevent inappropriate behaviour and provide a framework for responding to unacceptable behaviour.

A set of behavioural expectations in specific settings has been attached to each of our three school values of Respect, Responsibility and Resilience. The Schoolwide Expectations Teaching Matrix below outlines our agreed rules and specific behavioural expectations in all school settings. We have included a column titled *Home* to further develop our belief in home/school partnerships and the importance of these relationships to student success.

These expectations are communicated to students via a number of strategies, including:
- Behaviour lessons conducted by classroom teachers
- Modelling of expected behaviour by staff and members of the school community
- Active supervision by all staff during classroom and non-classroom activities

Grovely State School implements the following proactive and preventative processes and strategies to support student behaviour:

- School Leadership team’s regular provision of information to staff and parents, and support in sharing successful practices
- Staff mentoring and sharing of quality practice to communicate new strategies and approaches
- Sharing with staff current research into behaviour management and providing professional development to ensure staff are at the forefront of behavioural theory
- Comprehensive induction programs in the Grovely Responsible Behaviour Plan for Students delivered to new students and families as well as new staff
- Individual support plans developed for students with behavioural needs, enabling staff to make the necessary adjustments to support these students consistently across all classroom and non-classroom settings. Students are identified through the MPSS as requiring this level of support.
- A dedicated section of the school newsletter, enabling parents to be actively and positively involved in school behaviour expectations.
- SWPBS Leadership team members’ regular provision of information to staff and parents, and support to others in sharing successful practices
- Implementation of specific policies to address:
  - the use of personal property technology devices at school (Appendix 1) [Appropriate Use of Mobile Telephones and other Electronic Equipment by Students]
  - procedures for preventing and responding to incidents of bullying, including cyberbullying and recording incidents for data collection. (Appendix 2)
  - procedures regarding the use or possession of weapons including knives and any other items that could be considered a weapon in school (Appendix 3).

Reinforcing expected school behaviour
At Grovely State School communication of our key messages about behaviour is supported by reinforcement, which provides students with feedback for engaging in expected school behaviour. A formal recognition and monitoring system has been developed. This reinforcement system is designed to increase the quantity and quality of positive interactions between students and staff. All staff members are trained to give consistent and appropriate acknowledgement and rewards.

GROVELY STATE SCHOOL
BEHAVIOUR MANAGEMENT
LEVELS SYSTEM

This Behaviour Management System operates on FIVE (5) levels - LEVEL 1 through to LEVEL 5. EACH LEVEL IS INDICATIVE OF HOW MANY PEOPLE ARE NEEDED TO MANAGE THE BEHAVIOUR OF THE STUDENT.

- All students enter the school at Level 1. The levels system is not a tool for reporting but for monitoring student behaviour and using the information to increase student outcomes
- Students may move through the levels, in any direction based on consultation and tracking of behaviour.
- Students may be put on to any level depending on the circumstances of the Behaviour
- If there is further difficulty with behaviour while on a level, the student may
  - (a) remain on that level for a further two weeks
  - (b) be put on the next highest level.
Parents will be notified when students are put on Levels three (3) to five (5)

Students at Level 3 and above will be informed of the level they are on, the consequences of that level and the consequences of the next level should unacceptable behaviour persist.

The school community is made aware of the levels system and adopts this system as an appropriate and acceptable Behaviour Management Strategy.

The school and individual teachers will use data to monitor a student's behaviour and make decisions upon how to manage a student at each level.

The Behaviour Rating Levels indicate the rating of a child's ability to manage their behaviour. The Level also reflects the number of people required to manage the behaviour of the student.

**LEVEL 1:** Student is able to manage their own behaviour. (1 person)

**LEVEL 2:** Student, with teacher intervention, is able to manage behaviour. (2 people)

**LEVEL 3:** Student requires teacher and parent or administration intervention to manage behaviour. (3 people) **PARENT TO BE CONTACTED AT THIS LEVEL.**

**LEVEL 4:** Student requires teacher, parent and behaviour management support of administration (intervention) to manage behaviour. (4 people)

**LEVEL 5:** Student requires teacher, parent, administration and support personnel (eg. Guidance Officer, Behaviour Management Support Personnel) intervention to manage behaviour. (5 or more people)
Students at this level are able to manage their own behaviour

- **Students at this level**
  - are helpful.
  - work well with teachers.
  - attend to homework.
  - co-operate with others.
  - respect self & rights of others.
  - make reasonable effort on tasks.
  - are self-disciplined.
  - respond appropriately to directions and rules.

- **At this Level**
  - students are allowed to participate in all school / class activities.
  - Student’s report will indicate level of behaviour / social development is appropriate.
  - rewards / incentives will be given.
  - all rights and privileges of students are recognised and honoured.
LEVEL TWO

Reasons for placement on Level 2
Concern because student-

- is not co-operating with teacher.
- lacks co-operation with fellow students.
- is not making reasonable effort to complete set work.
- homework is unsatisfactory.
- is disruptive in class.
- is preventing others from working.
- behaves unacceptably by;
  - bullying.
  - making inappropriate noises.
  - interfering with property of others.
  - using inappropriate language.
  - endangering safety - including throwing objects.
  - repeatedly in an out of bounds area.
  - possession of banned items.
  - misbehaviour going to and from school.
  - discrimination – gender, race, religion, ethnic background.

What may happen at this Level

- Behaviour steps will be followed
- students will work in an independent space.
  - Time out in classroom.
- lunch time RTR for persistent level 2 behaviours
- Supported play may be accessed
- verbal / written apology.
- class discussion of rules.
- student / teacher discussion.
- student explains behaviour.
- student made aware of consequences of next level.
- parent may be notified.

Students at this level require another adult to support their behaviour
LEVEL THREE

Students at this level require the assistance of two people including Administration to manage their behaviour. (3 people)

Reasons for Placement on Level 3

♦ continued Level 2 behaviours.

♦ continuing to ignore the rights of others in the school to learn – includes bullying, discrimination and higher level disruptive behaviours.

♦ may be placed directly on this level for.
  ◦ truancy.
  ◦ stealing.
  ◦ injury to another student.
  ◦ Fighting / bullying / wilful destruction of school/ personal property/ classroom property.
  ◦ leaving school without permission.
  ◦ verbal/ physical abuse of staff.
  ◦ blatant refusal to follow teacher’s directions/ task refusal.
  ◦ possession of dangerous/ inappropriate/ prohibited items.
  ◦ smoking.
  ◦ vandalism/ graffiti.
  ◦ conspiring/ inciting other students to adopt an inappropriate/ unacceptable behaviour as is covered by school rules, class rules and school code of conduct.
  ◦ make vexatious/ false accusations against members of school community, including staff, students and parents.
  ◦ bring the good name of school into disrepute.

What may happen at this Level

♦ Parents notified

♦ Behaviour plan developed to include strategies supporting the student to make behavioural changes

♦ RTR

♦ Restricted Play/ Supervised play.

♦ student excluded from;
  ◦ school excursions.
  ◦ sporting events.
  ◦ dances / discos.
  ◦ special school event.
  ◦ extra curricula activities.

♦ school report will denote unsatisfactory/ inappropriate behaviour.

Additional things that may happen at this level

- Student is placed on daily behaviour report/task sheet
- Counselling/ guidance officer or referral to outside source
- Student advised of consequences at next level
- Individual learning space
**LEVEL FOUR**

Students at this level require intervention from agencies additional to the school eg. Behaviour Support Services

---

**Reasons for Placement on Level 4**

- continued Level 3 behaviours.
- student’s behaviour is consistently intolerable / unacceptable.
- student severely affecting learning, progress, safety and comfort of others.
- Continued or high level threats of physical/verbal abuse of others including students/teachers.
- Continued failure to follow directions of staff.

**What may happen at this Level**

- Parents will be notified to attend meeting.
- parent notified requesting urgent interview.
- Modified breaks for 2 weeks while on this level.
- teacher to complete daily behaviour tracking sheet
- excluded from all school functions.
- Individual Behaviour Management Plan activated
- external support sought
- suspension for 1 - 5 days with recommendation for exclusion in accordance with departmental regulation
This system of providing Levels gives a clear and reasonable guide for the whole school community. It also allows for students to see clearly the expectation, what is required to improve their level and access the full range of school activities and facilities.

**LEVEL FIVE**

This level is the highest and most serious of behaviour levels and means a student requires behavioural support above school and departmental resources.

**Reasons for Placement on Level 5**
- continued level 4 behaviour
- intolerable disruption in class
- refusal / failure to follow directions of administration
- continued deterioration of behaviour in class / grounds
- student is severely affecting rights of other students to learn, feel comfortable and safe
- abuse to staff
- placed directly on level 5 for
  - physical assault of any staff
  - serious intended physical injury to students or staff
  - use / possession or distribution of drugs, alcohol or stimulants
  - use / possession of weapon / dangerous / inappropriate / prohibited items.
  - High level inappropriate use of ICT equipment, including cyber-bullying, transmission or accessing sexually explicit material
  - Inappropriate sexualised behaviour

**What may happen at this Level**
- Parents will be notified in writing
- suspension for 1 - 5 days or 6-20 days with recommendation for exclusion in accordance with departmental regulation
- investigation of recommendation by departmental officer
- excluded from this school
At Grovely State School communication of our key messages about behaviour are supported by a range of reinforcement strategies which provide students with feedback for engaging in accepted school behaviour.

We have formal recognition and monitoring systems in place designed to increase the quantity and quality of positive interactions between students and staff. All staff are trained and encouraged to regularly provide consistent positive reinforcement and acknowledgement for demonstrating our core values.

Through the SWPBS process we have developed a concept known as the **Grovely Gladiator**. This concept will continue to be built upon and embedded across the school to be a visual reminder of how we demonstrate our core values in a genuine way at school.

- Awards will be presented at assembly to students that demonstrate one or all of our core values
- The school environment will have paintings, posters, and signage of the Grovely Gladiator as a strong visual representation of our core values and what we as a community believe

Additional Avenues to celebrate student behaviour include:

- Individual Class reward systems
- Grovely Gladiator cards that can be handed out by staff to students who independently demonstrate our core values across the school. These cards are then handed to the class teacher and a draw is done at the end of the week in classes to provide students with an opportunity for additional acknowledgement
- Students who display excellence in attitude and effort in learning may be referred to Administration for recognition
- Leader In Me awards are presented on assembly with a slide show presentation to once again acknowledge and celebrate achievements of students
- Selection of students to represent the school at functions based on consistent modelling of expected student behaviour, therefore providing a level of leadership capacity
- Ongoing explicit praise for students across the school to acknowledge great behaviour choices

**Responding to unacceptable behaviour**

Students come to school to learn. Behaviour support represents an important opportunity for learning how to get along with others. Our responses align with the ESCM model and are consistent across the school.

**Re-directing low-level and infrequent problem behaviour**

When a student exhibits low-level and infrequent problem behaviour, the first response of school staff members is to remind the student of expected school behaviour, then ask them to change their behaviour so that it aligns with our school’s expectations.

Our preferred way of re-directing low-level problem behaviour is to ask them how they might be able to act more respectfully, more responsibly and with greater resilience. This encourages students to reflect on their own behaviour, evaluate it against expected school behaviour, and plan how their behaviour could be modified so as to align with the expectations of our school community.

At Grovely State School we have a system of four steps to enable our students to modify their behaviour. They are:

1. Warning/reminder
2. Time out
3. Buddy class
4. RTR

**Targeted behaviour support:**

Each year a small number students at Grovely State School are identified through our data as needing a little bit extra in the way of targeted behavioural support. In most cases the inappropriate
or unacceptable behaviour may not be immediately regarded as severe, but the frequency of their behaviours may put these students' learning and social success, as well as others, at risk if not addressed in a timely manner.

Students at risk educationally are referred through the school Maximising Performance Student Support (MPSS) team.

*The team looks at referrals from teachers and ascertains what is the best support model to encourage student success. This may include the development of an individual behaviour plan or referral to an outside agency*

Students whose behaviour does not improve subsequent to this level of intervention will be referred to more specialised intervention such as intensive behaviour support.

**Intensive behaviour support: MPSS**

Grovely State School is committed to educating all students, including those with the highest behavioural support needs. We recognise that students with highly complex and challenging behaviours may need comprehensive systems of support that require regular reviews in consultation with parents/ caregivers and other relevant specialist staff. The MPSS team:

- works with other staff members to develop appropriate behaviour expectations and strategies
- monitors the impact of support for individual students through continuous data collection
- provides consistent strategies and adjustments outlined within the Individual Learning Plan, and
- works with the School Leadership Team to achieve continuity and consistency.

The MPSS Team has a simple and responsive referral system in place. Following referral, a team member contacts parents and any relevant staff members to form a support team and begin the assessment and support process. In many cases the support team also includes individuals from other agencies already working with the student and their family, a representative from the school’s administration and specialist behaviour services staff.

**5. Consequences for inappropriate or unacceptable behaviour**

Grovely State School makes systematic efforts to prevent inappropriate or unacceptable behaviour by teaching and reinforcing expected behaviours on an ongoing basis. When these behaviour incidents occur it is important that consequences are predictable and match the level of infringement. Our school seeks to ensure that responses to inappropriate or unacceptable behaviour are consistent and proportionate to the nature of the behaviour.

As a proactive measure the school has implemented four levels of playground access. They are:

- **Full access** to all areas of the playground
- **Supported play**- students self-refer to this program and it provides a fun but safe environment for students that have difficulties accessing the more unstructured whole school play environment
- **Supervised Play**- a designated area for target students to access that provides a higher level of supervision to enable students to be able to play in a more contained environment
- **Restricted play**- staff referred program that provides a tightly controlled environment for students with ongoing concerns with playground interaction. This program is run in order to strictly supervise student social skills and develop further upon skills of interaction and fair play. This is a short term program and is run by staff as a socially educational option to develop the skills required for successful playground interactions.

An incident referral form (see Appendix 4) is used to record all minor and major problem behaviour. Behaviour incidents may also be recorded on OneSchool.

**Minor and major behaviours**

When responding to behaviour incidents, the staff member determines if the problem behaviour is minor or major, with the following agreed understanding:
- **Minor** behaviour incidents are handled by staff members at the time it happens at a class or playground level using the steps and strategies outlined previously.
- **Major** behaviour incidents are referred directly to the school Administration team by referral form or a critical incident response card delivered to the office.

**Minor** problem behaviours are those that:
- are minor breaches of the school rules
- do not seriously harm others or cause you to suspect that the student may be harmed
- do not violate the rights of others in any other serious way
- are not part of a pattern of inappropriate behaviours
- do not require involvement of specialist support staff or Administration.

**Minor** problem behaviours may result in the following consequences:
- following of the school behavioural consequences steps as outlined previously
- a minor consequence logically connected to the inappropriate behaviour, such as complete removal from an activity or event for a specified period of time, partial removal (time away), individual meeting with the student, apology, restitution or detention for work completion.
- a re-direction process where a staff member takes the student aside and:
  1. names the behaviour that a student is displaying
  2. asks student to name expected school behaviour
  3. states and explains expected school behaviour if necessary
  4. gives positive verbal acknowledgement for expected school behaviour.

**Major** behaviours are those that:
- significantly violate the rights of others
- put others / self at risk of harm
- require the involvement of school Administration.

**Major** behaviours result in an immediate referral to school Administration because of their seriousness. When major unacceptable behaviour occurs, staff members calmly state the behaviour and remind the student of expected school behaviour. The child will then be sent to Administration either with the teacher or responsible adult, with a report or with a phonecall from the referring teacher. A report of the student’s behaviour is recorded on OneSchool.

Major unacceptable behaviours may result in the following consequences:
- **Level One**: Time out, detention (see Safe, Supportive and Disciplined School Environment procedure for guidelines), loss of privilege, restitution, warning regarding future consequence for repeated or persistent inappropriate behaviour, referral to MPSS
  AND/OR
- **Level Two**: Parent contact, referral to Guidance Officer, referral to MPSS, referral for specialist behaviour services, suspension from school, an individual behaviour plan
- **Level Three**: Students who engage in serious unacceptable behaviours such as major violent physical assault or the use/supply or possession of weapons (including knives) or drugs may receive a School Disciplinary Absence (suspension or proposal/recommendation for exclusion) as a consequence of unacceptable behaviour.
**Definition of consequences**

<table>
<thead>
<tr>
<th>Time out</th>
<th>A principal or school staff may use time out as a strategy for students to manage their own behaviour and to assist the student to calm down. During time out, student is to be supervised and given an opportunity to rejoin class in intervals of no more than 10 minutes.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Detention</td>
<td>A principal or teacher may use detention as a consequence for disobedience, misconduct, or other breaches of school expectations. A detention is no more than 20 minutes during school lunch or 30 minutes after school (parent will be contacted before after school detention is imposed).</td>
</tr>
<tr>
<td>Temporary Removal of Property</td>
<td>A principal or staff member of Grovely State School has the power to temporarily remove property from a student, as per the procedure <a href="#">Temporary Removal of Student Property by School Staff</a>.</td>
</tr>
<tr>
<td>School Disciplinary Absences (SDA)</td>
<td></td>
</tr>
</tbody>
</table>
| Suspension                      | A principal may suspend a student from school under the following circumstances:  
  - disobedience by the student  
  - misconduct by the student  
  - other conduct that is prejudicial to the good order and management of the school. |
| Behaviour Improvement Condition | A principal may impose a behaviour improvement condition if the principal is reasonably satisfied that the student has engaged in behaviour that warrants the grounds for exclusion or other conduct that is so serious that suspension of the student from school is inadequate to deal with the behaviour.  
  A Behaviour Improvement Condition requires the student to undertake a behaviour management program arranged by the school's principal. The program must be:  
  - reasonably appropriate to the challenging behaviour  
  - conducted by an appropriately qualified person  
  - designed to help the student not to re-engage in the challenging behaviour  
  - no longer than three months. |
| Proposed exclusion or recommended exclusion | A student may be suspended pending a decision to exclude when the student’s behaviour is so serious that suspension of the student from the school would be inadequate to deal with the behaviour. A student may be suspended or excluded for the following reasons:  
  - disobedience  
  - misconduct  
  - other conduct that is prejudicial to the good order and management of the school, or  
  - breach of Behaviour Improvement Conditions. |
| Cancellation of enrolment       | The enrolment of a post compulsory school age student may be cancelled if the student’s behaviour amounts to a refusal to participate in the educational program provided at the school. |

*Refer to departmental procedure [Safe, Supportive and Disciplined School Environment](#) for further details*
The following table outlines examples of minor and major behaviour incidents*

- This table is for explanatory purposes only and is part of the departmental template to be included in all School Responsible Behaviour Plans. That is why it does not have our three core values nominated.

*Please note that this is not an exhaustive list. Other behaviours will be dealt with as appropriate.*
Relate inappropriate or unacceptable behaviour to expected school behaviours

When responding to inappropriate or unacceptable behaviours, staff members ensure that students understand the relationship of the behaviour to expected school behaviour. One method that staff members might use to achieve this is to have students:

- articulate the relevant expected school behaviour
- explain how their behaviour differs from expected school behaviour,
- describe the likely consequences if the problem behaviour continues; and
- identify what they will do to change their behaviour in line with expected school behaviour.

Should an inappropriate or unacceptable behaviour be repeated, the staff member may not repeat the discussion/explanation process but simply remind the student of the consequences of their problem behaviour.

Ensuring consistent responses to inappropriate or unacceptable behaviour

At Grovely State School staff members are authorised to issue consequences for behaviour incidents and are provided with appropriate professional development and/or training. Through training activities, we work to ensure consistent responses to behaviour incidents across the school. This is also a core component of our SWPBS process as it develops.

Students also receive training about how to respond when other students display inappropriate or unacceptable behaviour. The courteous way to respond when a staff member redirects a student’s behaviour is taught and rehearsed to reduce the impact of peer engagement in the behaviour incident.

Student disciplinary absences (suspension and exclusion) may be considered:

- in the event of a serious, one-off behaviour incident or
- after consideration has been given to all other responses.

6. Emergency situation or critical incident responses

It is important that all staff have a consistent understanding of how to respond to emergency situations or critical incidents involving severe unacceptable behaviour. This consistency ensures that actions taken are responsive to the safety and well-being of students and staff.

An emergency situation or critical incident is defined as an occurrence that is sudden, urgent, and usually unexpected, or an occasion requiring immediate action.

Severe unacceptable behaviour is defined as behaviour of such intensity, frequency, or duration that the physical safety and well-being of the student or others is likely to be placed at serious risk.
Immediate Strategies
- Avoid escalating the unacceptable behaviour
  Avoid shouting, cornering the student, moving into the student’s space, touching or grabbing the student, sudden responses, sarcasm, becoming defensive, communicating anger and frustration through body language.
- Maintain calmness, respect and detachment
  Model the behaviour you want students to adopt, stay calm and controlled, use a serious measured tone, choose your language carefully, avoid humiliating the student, be matter of fact and avoid responding emotionally.
- Approach the student in a non-threatening manner
  Move slowly and deliberately toward the situation or incident, speak privately to the student/s where possible, speak calmly and respectfully, minimise body language, keep a reasonable distance, establish eye level position, be brief, stay with the agenda, acknowledge cooperation, withdraw if the situation escalates.

Reinforcement and Correction Strategies
- If the student starts displaying the appropriate behaviour briefly acknowledge their choice and re-direct other students’ attention towards their usual work/activity.
- If the student continues with the unacceptable behaviour then remind them of the expected school behaviour and identify consequences of continued unacceptable behaviour.

Follow Up Strategies
- Restore normal school operations as soon as possible.
- Provide post incident opportunities that include:
  - Assisting any distressed student/s to access appropriate support, e.g. Guidance Officer.
  - Assisting the individual student to identify the sequence of events that led to the unacceptable behaviour, pinpoint decision moments during the sequence of events, evaluate decisions made, and identify acceptable decision options for future situations.
  - Recording a reflection or individual learning plan to assist the student to develop a personal framework of expectations and appropriate actions.

Physical Intervention
Staff may legitimately use physical intervention if all non-physical interventions have been exhausted and a student is:
- physically assaulting another student or staff member
- posing an immediate danger to him/herself or to others.

Appropriate physical intervention may be used to ensure that Grovely State School’s staff demonstrate a duty of care to protect students and staff from foreseeable risks of injury. The use of physical intervention is only considered appropriate where the immediate safety of others is threatened and the strategy is used to prevent injury.

Physical intervention can involve coming between students, blocking a student’s path, leading a student by the hand/arm, shepherding a student by placing a hand in the centre of the upper back, removing potentially dangerous objects and, in extreme situations, using more forceful restraint.

It is important that all staff understand:
- physical intervention cannot be used as a form of punishment
- physical intervention must not be used when a less severe response can effectively resolve the situation
- the underlying function of the behaviour.
Physical intervention is not to be used as a response to:
- property destruction
- school disruption
- refusal to comply
- verbal threats
- leaving a classroom or the school, unless student safety is clearly threatened.

Any physical intervention made must:
- be reasonable in the particular circumstances,
- be in proportion to the circumstances of the incident
- always be the minimum force needed to reduce the risk of harm to self or others
- take into account the age, stature, disability, understanding and gender of the student.

Record keeping
Each instance involving the use of physical intervention must be formally documented. The following records must be maintained:
- School Incident Report
- Student Record of Incident (as per process for Natural Justice).

A number of staff at Grovely State School have been trained in Non-Violent Crisis Intervention and these staff are the first called upon if a critical situation arises.

7. Network of student support

Students at Grovely State School are supported through positive reinforcement and a system of universal, targeted, and intensive behaviour support by:
- Principal
- Parents
- Teachers
- Support Staff
- ST:LaN
- Deputy Principal
- Head of Curriculum
- Head of Special Education
- Administration Staff
- Guidance Officer
- Advisory Visiting Teachers
- School Chaplain
- Specialist behaviour support staff

Support is also available through the following government and community agencies:
- Disability Services Queensland
- Child and Youth Mental Health
- Queensland Health
- Department of Communities (Child Safety Services)
- Police
- Local Council
- Neighbourhood Centre.

8. Consideration of individual circumstances

To ensure alignment with the Code of School Behaviour when applying consequences, the individual circumstances and actions of the student and the needs and rights of school community members are considered at all times.

Grovely State School considers the individual circumstances of students when applying support and consequences by:
- promoting an environment which is responsive to the diverse needs of its students
- establishing procedures for applying fair, equitable and non-violent consequences for infringement of the code ranging from the least intrusive sanctions to the most stringent
- recognising and taking into account information relevant to the students’ age, gender, disability, cultural background, socioeconomic situation, mental health and wellbeing, emotional state(such as individualised learning plan or individual education plan)
recognising the rights of all students to:
- express opinions in an appropriate manner and at the appropriate time
- work and learn in a safe environment regardless of their age, gender, disability, cultural background or socio-economic situation
- receive adjustments appropriate to their learning and/or impairment needs
- provide written or verbal statements that will be taken into consideration in the decision making processes
- ensure that processes maintain the dignity, respect, privacy and confidentiality of the student, consistent with the rights of the rest of the community.

Effective Date: ...................... to .........................
The Use of Personal Technology Devices\* at School

This policy reflects the importance the school places on students displaying courtesy, consideration and respect for others whenever they are using personal technology devices.

Certain Personal Technology Devices Banned From School
Students must not bring valuable personal technology devices like cameras, digital video cameras or MP3 players to school as there is a risk of damage or theft. Such devices will be confiscated by school staff and may be collected at the end of the day from the school office. Breaches of this prohibition may result in disciplinary consequences. The expectation at Grovely State School is that these items are to be handed into the office at the start of the school day and returned at the conclusion of the day.

Confiscation
Permitted personal technology devices used contrary to this policy on school premises will be confiscated by school staff. They will be made available for collection from the school office at the end of the school day unless required to be kept for purposes of disciplinary investigation, when it will only be returned in the presence of a parent.

Devices potentially containing evidence of criminal offences may be reported to the police. In such cases police may take possession of such devices for investigation purposes and students and parents will be advised to contact Queensland Police Service (QPS) directly.

Students who have a personal technology device confiscated more than once will not be permitted to have a personal technology device at school for at least one month, or longer if deemed necessary by the Principal.

Personal Technology Device Etiquette
Bringing personal technology devices to school is not encouraged by the school because of the potential for theft and general distraction and/or disruption associated with them. However, if they are brought to school, they must be handed in at the office at the start of each day for collection at the end of the school day.

Recording voice and Images
Every member of the school community should feel confident about participating fully and frankly in all aspects of school life without concern that their personal privacy is being invaded by them being recorded without their knowledge or consent.

We uphold the value of trust and the right to privacy at Grovely State School. Students using personal technology devices to record inappropriate behaviours or incidents (such as vandalism, fighting, bullying, staged fighting or pranks etc) to disseminate to others (including distribution by phone or internet posting) build a culture of distrust and disharmony.

Students must not record images anywhere that recording would not reasonably be considered appropriate (e.g. in change rooms, toilets or any other place where a reasonable person would expect to be afforded privacy).

Recording of events in class is not permitted unless express consent is provided by the class teacher.
A school student who uses a personal technology device to record private conversations, ordinary school activities (apart from social functions like graduation ceremonies) or violent, illegal or embarrassing matter capable of bringing the school into public disrepute is considered to be in breach of this policy.

Even where consent is obtained for such recording, the school will not tolerate images or sound captured by personal technology devices on the school premises or elsewhere being disseminated to others, if it is done for the purpose of causing embarrassment to individuals or the school, for the purpose of bullying\(^1\), including racial and sexual harassment, or where without such intent a reasonable person would conclude that such outcomes may have or will occur.

Students involved in:
- recording; and/or
- disseminating material (through text messaging, display, internet uploading etc); and/or,
- knowingly being a subject of a recording

Breach of this policy may be subject to discipline (including suspension and proposal/recommendation for exclusion).

Students should note that the recording or dissemination of images that are considered indecent (such as nudity or sexual acts involving children), is against the law and if detected by the school will result in a referral to the Queensland Police Service.

**Text communication**
The sending of text messages that contain obscene language and/or threats of violence may amount to bullying and/or harassment or even stalking, and will subject the sender to discipline and possible referral to QPS. Students receiving such text messages at school, should ensure they keep the message as evidence and bring the matter to the attention of the school office.

**Assumption of cheating**
Personal technology devices may not be taken into or used by students at exams or during class assessment unless expressly permitted by staff. Staff will assume students in possession of such devices during exams or assessments are cheating. Disciplinary action will be taken against any student who is caught using a personal technology device to cheat during exams or assessments.

**Recording Private Conversations and the Invasion of Privacy Act 1971**
It is important that all members of the school community understand that under the *Invasion of Privacy Act 1971*, ‘a person is guilty of an offence against this Act if the person uses a listening device to overhear, record, monitor or listen to a private conversation’. It is also an offence under the Act for a person who has overheard, recorded, monitored or listened to a conversation to which s/he is not a party to publish or communicate the substance or meaning of the conversation to others.

Students need to understand that some conversations are private and therefore to overhear, record, monitor or listen to such private conversations may be in breach of this Act, unless consent to the recording is appropriately obtained.

\(^1\) *Education Queensland does not tolerate bullying behaviour at schools. This includes bullying conducted by electronic means.*
**Special Circumstances Arrangement**
Students who require the use of a personal assistive technology device in circumstances that would contravene this policy (for example to assist with a medical condition or other disability or for a special project) should negotiate a special circumstances arrangement with the Deputy Principal or Principal.

**Inappropriate behaviour outside of school hours**
Students may receive disciplinary consequences for bullying or cyberbullying or other inappropriate online behaviour that occurs out of school hours, and affects the good order and management of the school.

*Personal Technology Devices include, but are not limited to the following devices; portable gaming devices, the IPhone, IPod, IPod Touch or IPad, Tamagotchi® and similar games, laptop computers, PDAs, Blackberries®, cameras and/or voice recording devices (whether or not integrated with a mobile phone or MP3 player), mobile telephones and devices of a similar nature.*
Appendix 2

Procedures for Preventing and Responding to Incidents of Bullying
(including Cyberbullying)

Purpose

1. Grovely State School strives to create positive, predictable environments for all students at all times of the day. The disciplined teaching environment that we are creating is essential to:
   - achieving overall school improvement, including the effectiveness and efficiency of our student support procedures
   - raising achievement and attendance
   - promoting equality and diversity and
   - ensuring the safety and well-being of all members of the school community.

2. There is no place for bullying in Grovely State School. Research indicates that both those being bullied and those who bully are at risk for behavioural, emotional and academic problems. These outcomes are in direct contradiction to our school community’s goals and efforts for supporting all students.

3. Bullying behaviours that will not be tolerated at Grovely State School include name-calling, taunting, mocking, making offensive comments, kicking, hitting, pushing, taking belongings, inappropriate text messaging, sending offensive or degrading images by phone or internet, producing offensive graffiti, gossiping, excluding people from groups, and spreading hurtful and untruthful rumours.

4. Bullying may be related to:
   - race, religion or culture
   - disability
   - appearance or health conditions
   - sexual orientation
   - sexist or sexual language
   - young carers or children in care.

5. At Grovely State School there is broad agreement among students, staff and parents that bullying is observable and measurable behaviour. When considering whether or not bullying has occurred, we will therefore avoid speculation on the intent of the behaviour, the power of individuals involved, or the frequency of its occurrence. Whether bullying behaviour is observed between students of equal or unequal power, whether it occurs once or several times, and whether or not the persons involved cite intimidation, revenge, or self-defence as a motive, the behaviour will be responded to in similar fashion, that is, as categorically unacceptable in the school community.

Rationale

6. Research indicates that many problem behaviours are peer-maintained. That is, peers react to bullying in ways that may increase the likelihood of it occurring again in the future. Reactions include joining in, laughing, or simply standing and watching, rather than intervening to help the person being bullied. Whilst our school would never encourage students to place themselves at risk, our anti-bullying procedures involve teaching the
entire school a set of safe and effective response to all problem behaviour, including bullying, in such a way that those who bully are not socially reinforced for demonstrating it.

7. The anti-bullying procedures at Grovely State School are an addition to our already research-validated schoolwide positive behaviour support processes. This means that all students are being explicitly taught the expected school behaviours and receiving high levels of social acknowledgement for doing so. Adding lessons on bullying and how to prevent and respond to it is a subset of procedures that our students are already accustomed to.

**Prevention**

8. Attempting to address specific problem behaviours will not be successful if the general level of disruptive behaviour in all areas of our school is not kept to a low level. Therefore, our schoolwide universal behaviour support practices will be maintained at all times. This will ensure that:

- Our universal behaviour support processes will always remain the primary strategy for preventing problem behaviour, including preventing the subset of bullying behaviour
- All students know the Grovely State School Values of Respect, Responsibility and Resilience and have been taught the expected behaviours attached to each rule in all areas of the school
- All students have been or are being taught the specific routines in the non-classroom areas, from exiting the classroom, conducting themselves in accordance with the school expectations in the playground and other areas, to re-entering their classrooms
- All students are receiving high levels of positive reinforcement for demonstrating expected behaviours, including those associated with following our routines, from all staff in the non-classroom areas of the school
- A high level of quality active supervision is a permanent staff routine in the non-classroom areas. This means that duty staff members are easily identifiable and are constantly moving, scanning and positively interacting as they move through the designated supervision sectors of the non-classroom areas.

9. Cyberbullying often does not occur at school. Students are explicitly taught Cybersafety for example how to safely conduct and internet search, what cyberbullying is and what they should do if they receive unwanted messages including for example:

- Not to respond to messages but keep them to report to parents and/or teachers immediately
- Report any instances they see as a bystander of cyberbullying to parents and/or teachers immediately.

Grovely State School will then investigate and respond to any incident of cyberbullying.

10. The student curriculum modules of the anti-bullying process consist of lessons taught by all teachers in all classrooms to a schoolwide schedule of instruction. At all times simultaneous instruction is our goal, in order to maintain consistency of skill acquisition across the school.
11. An initial introductory lesson is delivered, which teaches the 3-step process to be used by all students when experiencing bullying behaviour either as a person being bullied, the person bullying or bystander.

12. The introductory lesson is followed by several shorter lessons, each of which focuses on one of the bullying behaviours that the school has identified and defined. These lessons include instruction on how to approach adults and also on what reactions and systemic responses they should expect from adults.

13. Grovely State School will take part in the National Day of Action Against Bullying and Violence on the third Friday of March each year. This is to highlight the importance of bullying issues within our school community and what our school is doing to prevent this.

14. Research indicates that a common outcome of anti-bullying programming is an improvement in understanding of bullying but little change in the frequency or nature of actual bullying behaviour. One of the reasons cited for this outcome is the lack of behavioural rehearsal in the programming. The anti-bullying process at Grovely State School takes care to combine knowledge with practice in a process of active learning, so that students understand by ‘doing’ as much as by ‘knowing’.

15. Grovely State School uses behavioural data for decision-making. This data is entered into our database on a daily basis and can be recalled as summary reports at any time. This facility allows the school to track the effectiveness of its anti-bullying process, to make any necessary adjustments, and to identify specific bullying behaviours that may need to be revisited or revised in the instructional process.
Appendix 3

WORKING TOGETHER TO KEEP Grovely State School SAFE

We can work together to keep knives out of school. At Grovely State School:

- Every student has the right to feel safe and be safe at school.
- No knives are allowed to be taken to school by students.
- There is no reason for a student to have a knife at school, and it is against the law for a student to have a knife at school.

If a student has a knife a school, they can expect serious consequences, such as fines and possibly jail. Longer jail sentences can be given to young people if someone is injured with a knife during an assault.

What kinds of knife are banned?

- No knives of any type are allowed at school, including flick knives, ballistic knives, sheath knives, push daggers, trench knives, butterfly knives, star knives, butter knives, fruit knives or craft knives, or any item that can be used as a weapon, for example a chisel.
- Knives needed for school activities will be provided by the school, and the use of them will be supervised by school staff.
- In circumstances where students are required to have their own knives or sharp tools for particular subjects or vocational courses, the school will provide information about the procedures for carrying and storing these items at school.

The Principal of Grovely State School can take action against a student who brings a knife to school.

- If a student has a knife at school, principals can inform the police.
- Possessing a knife at school may result in serious disciplinary consequences.
- Police can search a student and their property at school if they suspect a student has a knife.
- A student may be charged with a criminal offence and may face serious consequences if convicted, including a fine or jail.
- School property such as desks or lockers may be searched if the principal suspects that a student has a knife on or in school property.
- If the principal suspects the student has a knife in their bag, the bag may be temporarily confiscated until police arrive.
- If the student does have a knife at school, it can be confiscated by the principal and given to the police.

How can parents help to keep Grovely State School safe?

- Make sure your child knows what the laws and rules are about knives.
- Do not include knives or knife tools in children’s lunch boxes, pencil cases or craft kits.
- Contact your school principal if you believe your child is being bullied or threatened at school.
- If you want to talk about students and knives at school, please contact a member of the School Leadership Team.
