

Investing for Success

**Under this agreement for 2021
Grovely State School will receive**

\$144,190*

This funding will be used to

1. Support Professional learning through Intentional Collaboration to support student outcomes and progress in academic and social emotional growth.
2. Supporting and developing skills of all students.

Our initiatives include

Embedding Pedagogical practices through professional learning and intentional collaboration, coaching and mentoring through a curriculum lens and the Thinker learner asset.

Continue to build an engaged and inclusive school culture by building teacher capability through:

- Co-Teaching, coaching and mentoring
- Delivery of resources on a needs-based methodology.

Our school will improve student outcomes by

- Provide teaching staff professional learning to work with mentors, planning teams and intentional collaboration groups. \$80,000
- Embed inclusive approach based on a needs-based methodology through increased response to data literacy for staff and support. \$64,190
